## PROJECTS

### **Smart Attendance Capturing App**

Mar 2022 - Apr 2023

This application minimizes the cost of installation as it uses GPS and smartphone camera which is generally available to all the employees/students and there is no need to install any special biometric sensor which reduces the crowd at one place.

### **AI Chat and Voice assistant App**

Jan 2023 - Feb 2023

This is an AI Chatbot and voice assistant that is based on the flutter framework .

I have used open AI api that helps to answer every question related to any topic under the year of 2020 as this api just contain the information data set till 2020
